Information to shareholders

Incorporation

LFIS Vision UCITS (the "Company") is an open-ended investment company organised as a *Société d'Investissement à Capital Variable* ("SICAV") and was incorporated in the Grand Duchy of Luxembourg on April 8, 2014. The Company is registered under Part I of the Luxembourg law of December 17, 2010 relating to Undertakings for Collective Investment, as amended (the "Law"). The Articles were published in the *Mémorial, Recueil des Sociétés et Associations* on April 28, 2014 under the register number B186.337.

Communication and reports to Shareholders

1. Periodic report

Annual Reports for the year ended May 31, unaudited semi-annual reports for the six months ended November 30 and the list of changes made to the composition of the Securities Portfolio are available to shareholders free of charge at the offices of the Depositary Bank as well as at the Company's Registered Office.

Annual Reports are available within four months of the financial year-end.

Semi-annual reports are published within two months of the end of the six-month period they cover.

2. Information to the Shareholders

a) Net asset value

Valuation day:

Daily.

If any such day is not a business day and/or not an exchange business day, the valuation day shall be the following business day which is an exchange day.

The net asset value per share as well as the issue, redemption and conversion prices for Shares is determined and made available by the Administrator in the reference currency of the class at intervals which may vary for the Sub-Fund. The net asset value per share as of any valuation day is calculated to at least two decimal places in the reference currency of the relevant class by dividing the net asset value of the class by the number of shares in issue in such class as of that valuation day.

The net asset value of the class is determined by deducting from the total value of the assets attributable to the relevant class, all accrued debts and liabilities attributable to that class.

The net asset value per share is available at the registered office of the Company.

The net asset value per share of each class is also published on www.fundsquare.net.

b) General Meeting

The Annual General Meeting will be held on the last Friday of September each year, or, if this happens to be an official holiday in Luxembourg, on the next business day thereafter. If permitted by and under the conditions set forth in Luxembourg laws and regulations, the Annual General Meeting may be held at a date, time or place other than those set forth in this paragraph, that date, time or place to be decided by the Board of Directors of the Company.

Portfolio Managers Report

As of May 31, 2026.

LFIS Vision UCITS - Diversified Market Neutral

The LFIS Vision UCITS - Diversified Market Neutral Fund (the "Fund") has a net asset value of 31.83M€ at the end of May 2026.

The Fund has delivered a performance (based on the share class IS EUR) of -6.5% from May 31, 2025 to May 31, 2026. The 3.6 realized volatility of the Fund is in line with the target of 4.5/5 over the long term.

Between May25 and May26, the three following buckets of strategies have been implemented, seeking a large number of different and uncorrelated strategies:

- Systematic Strategies (Value, Carry, Momentum, etc.);
- Implied & Credit Strategies (Volatility, Correlation, Dividend, Credit, etc.);

Each of the two above-mentioned strategies families was allocated roughly the same budget of risk/volatility over the period.

The Systematic Strategies performance has been -3.95% (versus Libor and gross of fees) over that period. The Equity & Rates related strategies explain the very big part of the loss.

The Implied & Credit Strategies delivered a positive performance of +2.12% (versus Libor and gross of fees). This is mostly explained by gains of Credit strategies and Dispersion strategies.

Lastly, the global hedge strategy delivered -4.09%, with risk-on equity markets.

As to the leverage, the Fund has achieved over the relevant accounting period an average leverage of x6.4 calculated following the commitment method.

As to the percentage of assets subject to special arrangements: None.

LFIS Vision UCITS - Quant Global Allocation

The LFIS Vision UCITS – Quant Global Allocation Fund (the "Fund") has a net asset value of 40.49M€ at the end of May 2026.

The Fund has delivered a performance (measured on the basis of the class IS shares (EUR) Cap of +0.61% from May 31, 2025 to May 31, 2026.

The Fund seeks to deliver over the medium term a performance in excess of cash of 4%. To achieve this investment objective, the fund implements an investment strategy with two main sub-strategies:

- A core bucket, that is the main contributor to the risks of the Fund, where Credit and Equity exposure are implemented with a bias towards carry and mean reversion on Equities.
- A diversifying bucket, comprising strategies with a low or negative correlation to the core bucket, and the potential to deliver performance over time.

As to the leverage, the Fund has achieved over the relevant accounting period an average leverage of x1.2 calculated following the commitment method.

As to the percentage of assets subject to special arrangements: None.

LFIS Vision UCITS - Credit

The LFIS Vision UCITS - Credit Fund (the "Fund") has a net asset value of 11.58M€ at the end of May 2026.

The Fund has delivered a performance (based on the share class AI3 EUR) of +4.34% May25 to May26, whereas on the same period the "IHYG : iShares EUR High Yield Corp Bond UCITS ETF" delivered +3.59%.

Between May25 and May26, the Fund has benefited from its structural positive carry and lost a bit from a slight widening of the credit spreads.

The leverage is stable at 8x as per the strategy.

Percentage of assets subject to special provisions: None.

Audit report

To the Shareholders of
LFIS Vision UCITS

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of LFIS Vision UCITS (the “Fund”) and of each of its sub-funds as at 31 May 2026, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund’s financial statements comprise:

- the combined statement of changes in net assets for the Fund and the statement of changes in net assets for each of the sub-funds for the year then ended;
- the combined statement of operations and changes in net assets for the Fund and the statement of operations and changes in net assets for each of the sub-funds for the year then ended;
- the securities portfolio as at 31 May 2026;
- the financial derivative instruments as at 31 May 2026; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements” section of our report.

PricewaterhouseCoopers Assurance, Société coopérative,
2 rue Gerhard Mercator, L-2182 Luxembourg
T : +352 494848 1, F : +352 494848 2900, www.pwc.lu

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the “Réviseur d'entreprises agréé” for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;

- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements as at May 31, 2026 (continued)

Note 3 - Significant accounting principles

The financial statements are prepared on a going-concern basis of accounting, in accordance with the legal and regulatory requirements in force in Luxembourg relating to Undertakings for Collective Investment and generally accepted accounting principles (LUX GAAP).

3.1 Combination of the different Sub-Funds

The financial statements of LFIS Vision UCITS are expressed in Euro (EUR) by converting the financial statements of the Sub-Funds denominated in currencies other than the Euro (EUR) at the rate of exchange prevailing at the end of the year.

3.2 Currency conversion

The accounts of the Sub-Funds are kept in the currency of its net asset value and the financial statements are expressed in the same currency.

The acquisition cost of securities purchased in a currency other than that of the Sub-Fund is converted into the currency of the Sub-Fund on the basis of the exchange rates prevailing on the date on which the securities are acquired.

Income and expenses denominated in a currency other than that of the Sub-Fund are converted into the currency of the Sub-Fund on the basis of the exchange rates prevailing on the transaction date.

At the end of the year, the security valuations (determined as described below), receivables, bank deposits and debts denominated in a currency other than that of the Sub-Fund are converted into the currency of the Sub-Fund on the basis of the exchange rates prevailing on that date; the foreign exchange differences resulting from the conversion of receivables, bank deposits and debts are included in the net realised gain / (loss) on foreign currencies transactions in the Statement of Operations and Changes in Net Assets.

3.3 Valuation of investments

The assets and liabilities of the Company's Sub-Funds are valued on the basis of the following principles:

- a) the value of any cash on hand or on deposit bills and demand notes and accounts receivable, prepaid expenses, cash dividends, interest declared or accrued and not yet received, all of which are deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof;
- b) securities listed on a Regulated Market are valued at their last available closing prices, or, in the event that there should be several such markets, on the basis of their last available closing prices on the main market for the relevant security;
- c) in the event that the last available closing price does not, in the opinion of the directors, truly reflect the fair market value of the relevant securities, the value of such securities are defined by the directors based on the reasonably foreseeable sales proceeds determined prudently and in good faith of the Board of Directors of the Company;
- d) securities not listed or traded on a stock exchange or not dealt on another regulated market are valued on the basis of the probable sales proceeds determined prudently and in good faith by the Board of Directors of the Company;
- e) money market instruments not listed or traded on a Regulated Market are valued at their face value with interest accrued;
- f) in case of short term instruments which have a maturity of less than 90 days, the value of the instrument based on the net acquisition cost, is gradually adjusted to the repurchase price thereof. In the event of material changes in market conditions, the valuation basis of the investment is adjusted to the new market yields;
- g) investments in open-ended UCIs are valued on the basis of the last available net asset value (whether final or estimated) of the units or shares of such UCIs;
- h) all other securities and other assets will be valued at fair market value as determined in good faith pursuant to procedures established by the Board of Directors of the Company.

3.4 Valuation of Forward foreign exchange contracts

Open foreign forward exchange contracts are valued with reference to the forward exchange rate corresponding to the remaining life of the contract. All gains and losses realised and changes in unrealised gains and losses are included in the Statement of Operations and Changes in Net Assets.

3.5 Valuation of Swaps contracts

Credit default swap

A credit default swap is a credit derivative transaction in which two parties enter into an agreement, whereby one party (the protection buyer) pays the other (the protection seller) a fixed periodic coupon for the specified life of the agreement in return for a payment contingent on a credit event related to the underlying reference obligation.

A credit default swap are marked to market at each NAV calculation date. The unrealised appreciation/(depreciation) is disclosed in the Statement of Net Assets under "Net unrealised appreciation/(depreciation) on swaps contracts". Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of Operations and Changes in Net Assets respectively under "Net realised gain/(loss) on options and swaps contracts" and "Net change in unrealised appreciation/(depreciation) on options and swaps contracts".

3.5 Valuation of Swaps contracts (continued)

Total return swap

A total return swap is a bilateral agreement in which each party agrees to exchange payments based on the performance of an underlying instrument represented by a security, commodity, basket or index thereof for a fixed or variable rate. One party pays out the total return of a specific reference asset, and in return, receives a regular stream of payments. The total performance will include gains and losses on the underlying, as well as any interest or dividends during the contract period according to the type of underlying. The cash flows to be exchanged are calculated by reference to an agreed upon notional amount or quantity.

Total return swaps are marked to market at each NAV calculation date. The unrealised appreciation/(depreciation) is disclosed in the Statement of Net Assets under "Net unrealised appreciation/(depreciation) on swaps contracts". Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of Operations and Changes in Net Assets respectively under "Net realised gain/(loss) on options and swaps contracts" and "Net change in unrealised appreciation/(depreciation) on options and swaps contracts".

Variance swap

A variance swap is a bilateral agreement in which each party agrees to exchange cash flows based on the measured variance of a specified underlying asset. One party agrees to exchange a "fixed rate" or strike price payment for the "floating rate" or realised price variance on the underlying asset with respect to the notional amount. At the maturity date, net cash flow is exchanged, where the payoff amount is equivalent to the difference between the realised price variance of the underlying asset and the strike price multiplied by the notional amount.

A variance swap are marked to market at each NAV calculation date. The unrealised appreciation/(depreciation) is disclosed in the Statement of Net Assets under "Net unrealised appreciation/(depreciation) on swaps contracts". Realised gains/(losses) and change in unrealised appreciation/(depreciation) as a result thereof are included in the Statement of Operations and Changes in Net Assets respectively under "Net realised gain/(loss) on options and swaps contracts" and "Net change in unrealised appreciation/(depreciation) on options and swaps contracts".

Interest rate swaps

Interest rate swaps contracts are bilateral agreements in which each party agrees to exchange a series of interest payments for another series of interest payments on the basis of a notional amount serving as the basis of calculation that is generally not exchanged.

Interest rate swaps contracts are marked to market at each NAV calculation date. Net realised gain or (loss) and change in unrealised appreciation or (depreciation) are included in the Statement of Operations and Changes in Net Assets under caption "Net realised gain or (loss) on options and swaps contracts" and "Net change in unrealised appreciation or (depreciation) on options and swaps contracts".

The net unrealised appreciation or (depreciation) are recorded in the Statement of Net Assets under caption "Net unrealised appreciation or (depreciation) on swaps contracts".

3.6 Valuation of Futures contracts

Futures contracts are valued based on the last available market price. All gains and losses realised and changes in unrealised gains and losses are included in the Statement of Operations and Changes in Net Assets. For the calculation of net holdings by currency on financial instruments, the holdings are converted at the exchange rate prevailing at the end of the year.

3.7 Valuation of Options contracts

Options contracts are valued at the market value and are shown in the Statement of Net Assets under "Investment in options at market value". All gains and losses realised and changes in unrealised gains and losses are included in the Statement of Operations and Changes in Net Assets.

3.8 Income

Dividends are recognised as income on the date when shares are quoted ex-dividend for the first time.

Dividends and interest received by the Company on its investments are in many cases subject to irrecoverable withholding taxes at source.

3.9 Application of the Dilution Levy

The purpose of the Dilution Levy is to protect existing or remaining Shareholders of the Sub-Fund from the dilution's effects they may suffer as a result of subscriptions and redemptions and/or conversions of Shares in or out of the Sub-Fund. A detailed description of the dilution levy can be found in the Prospectus under section headed "SWING PRICING AND DILUTION LEVY". The maximum rate of dilution levy is set to up to 2% in case of a Net Redemption Balance (resulting in the application of an exit charge payable to the Sub-Fund, in respect of the redemptions of Shares). The application of the Dilution Levy will be continuously reviewed and will be lifted as soon as it is no longer required, taking into account the best interests of Shareholders of the Sub-Fund. Investors will be informed about the lifting of the application of the Dilution Levy via separate notice. Anti-Dilution Levy has been set at 0% the whole year.

Note 8 - Management fees

The management fees is accrued on each valuation day and paid quarterly in arrears. The Management Company is entitled to receive from the Company a management fee equal to the management fee rate not exceeding the percentage amount indicated in the class of shares summary below, applied to the net asset value of the relevant class.

The management fees are calculated as follows:

Sub-Fund	Class	Rate
LFIS Vision UCITS - Diversified Market Neutral	Class EB Shares	Up to 1.00% p.a. of the average Net Asset Value of the Sub-Fund
	Class I Shares	Up to 1.50% p.a. of the average Net Asset Value of the Sub-Fund
	Class IS Shares	Up to 1.25% p.a. of the average Net Asset Value of the Sub-Fund
	Class M Shares	Up to 1.25% p.a. of the average Net Asset Value of the Sub-Fund
	Class MC1 Shares	Up to 1.25% p.a. of the average Net Asset Value of the Sub-Fund
	Class R Shares	Up to 2.00% p.a. of the average Net Asset Value of the Sub-Fund
	Class RE Shares	Up to 2.00% p.a. of the average Net Asset Value of the Sub-Fund
LFIS Vision UCITS - Quant Global Allocation	Class I Shares	Up to 0.60% p.a. of the average Net Asset Value of the Sub-Fund
	Class I1 Shares	Up to 0.75% p.a. of the average Net Asset Value of the Sub-Fund
	Class IS Shares	Up to 0.60% p.a. of the average Net Asset Value of the Sub-Fund

	Class R Shares	Up to 1.20% p.a. of the average Net Asset Value of the Sub-Fund
	Class RE Shares	Up to 0.60% p.a. of the average Net Asset Value of the Sub-Fund
LFIS Vision UCITS - Credit	Class AI1 Shares	Up to 2.00% p.a. of the average Net Asset Value of the Sub-Fund
	Class AI2 Shares	Up to 2.00% p.a. of the average Net Asset Value of the Sub-Fund
	Class AI3 Shares	Up to 2.00% p.a. of the average Net Asset Value of the Sub-Fund

Note 9 - Performance fees

The Investment Manager is entitled to receive a Performance fees, for each Calculation Period, with respect to each Class available, equal to the Performance fee rate not exceeding the percentage amount indicated in the class of shares summary below, multiplied by the Net New Appreciation of the relevant class from the Sub-Funds following:

- LFIS Vision UCITS - Diversified Market Neutral
- LFIS Vision UCITS - Quant Global Allocation
- LFIS Vision UCITS - Credit

"Net New Appreciation" means, with respect to each class, the positive difference between the Net Asset Value of the Class (net of all deductible fees and expenses, including any Management Fee; but for the purpose of calculating the Performance Fee, not reduced by the Performance Fee) and the relevant High Water Mark.

"High Water Mark" means, with respect to each class, the net asset value of a notional reference fund denominated in the same currency and bearing the same expenses (excluding the Performance Fee for the relevant class), and recording the same subscriptions (expressed in amounts), and redemptions (expressed in a fraction of the outstanding net assets) than the Class and achieving a performance since the beginning of trading of the Sub-Fund based on the "Hurdle Rate".

At the end of each Calculation Period, for which a Performance fee in respect of a given class is paid (or becomes payable) to the Investment Manager, the net assets level of the Reference Fund in respect of the relevant Class is reset to the level of the Net Asset Value of the relevant class as at the end of such Calculation Period.

"Calculation Period" for each Class of Shares means the period between the day immediately following the last Business Day of the preceding Calculation Period (inclusive) and the last business day of the current financial year, or for the first Calculation Period, the period beginning on the date on which the Class commenced trading (inclusive) and ending on the last Business day of financial period during which the relevant class has been launched (inclusive).

The Performance fee will be deemed to accrue as at each valuation day.

Notes to the Financial Statements as at May 31, 2026 (continued)

Note 9 - Performance fees (continued)

The Performance fee is normally payable by the Fund to the Investment Manager in arrears at the end of each Calculation Period within fifteen (15) Business Days after the end of such Calculation Period. If the Sub-Fund is terminated before the end of a Calculation Period, the Performance Fee in respect of the Calculation Period will be calculated and paid as if the date of termination was the end of the relevant Calculation Period.

The current methodology for calculating the Performance Fee as set out above involves adjusting the Net Asset Value of each Class of any provision for accrual for the Performance Fee on each Valuation Day during the Calculation Period for the relevant Class.

Notes to the Financial Statements as at May 31, 2026 (continued)

Note 19 - Cross Sub-Funds investment (art. 181 of the amended Law of December 17, 2010)

Cross Sub-Funds investment envisages that any Sub-Fund created within an undertaking for collective investment (UCI) with multiple Sub-Funds may invest in one or more other Sub-Funds of the same UCI. This allows a single legal structure with cross Sub-Funds investment to subscribe for, acquire and hold within the same UCI.

During the year ended May 31, 2026, the following cross Sub-Fund investments were processed:

LFIS Vision UCITS - Diversified Market Neutral invests in:

- LFIS Vision UCITS - Credit - Class A11 Shares (EUR) Cap

As at May 31, 2026, the total amount of cross-investments was EUR 1,004,421.76 so that the combined Statement of Net Assets for the year closed on the same date but without considering said cross-investments would be equal to EUR 82,901,732.07.

Note 20 - Sustainable Finance Disclosure regulation ("SFDR")

Investment remuneration policy

In accordance with the Directive 2009/65/EC and Article 111bis of the Law, the Management Company has established a remuneration policy for those categories of staff whose professional activities have a material impact on the risk profiles of the Management Company or the Fund. Those categories of staff includes any employees who are decision takers, fund managers, risk takers and persons who take real investment decisions, control functions, persons who have the power to exercise influence on such employees or members of staff, including investment advisors and analysts, senior management and any employees receiving total remuneration that takes them into the same remuneration bracket as senior management and decision takers. The remuneration policy is compliant with and promotes a sound and effective risk management and does not encourage risk-taking which is inconsistent with the risk profiles of the Fund or with its Articles and which are in line with the business strategy, objective values and interests of the Management Company and does not interfere with the obligation of the Management Company to act in the best interests of the Fund. The remuneration policy includes an assessment of performance set in a multi-year framework appropriate to the holding period recommended to the investors of the Fund in order to ensure that the assessment process is based on the long-term performance of the Fund and its investment risks. The variable remuneration component is also based on a number of other qualitative and quantitative factors. The remuneration policy contains an appropriate balance of fixed and variable components of the total remuneration.

LFIS Capital has established a remuneration committee. The remuneration committee is organised in accordance with internal rules in compliance with the principles set out in the Directive 2009/65/EC and Directive 2011/61/EU. The remuneration policy has been designed to promote sound risk management and to discourage risk taking that exceeds LFIS Capital's level of tolerated risk, having regard to the investment profiles of the funds managed and to establish measures to avoid conflicts of interest. The remuneration policy is reviewed on an annual basis.

The up-to-date remuneration policy of the Management Company, including, but not limited to, a description of how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration and benefits, including the composition of the remuneration committee, is made available at <https://www.lfis.com/fra/en/pro/company/regulatory-information>. A paper copy is available free of charge upon request at the Management Company's registered office.

For the year 2025, a total amount of EUR 2,497,541.35 for the fixed salaries of 27 people in all, and of EUR 0.00 for the variable part of the salaries of 0 people in all, were paid by the Management Company to its staff. The total amount paid (equal to EUR 2,497,541.35) includes both fixed salaries, and variable compensation consisting of discretionary bonuses, if any.

Risk management disclosure

The risk-management process complies with the CSSF circular 11/512 and enables to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of each Sub-Fund.

The method used to calculate global exposure is the historical absolute value-at-risk approach ("VAR") for all Sub-Funds.

Sub-Fund	Global Risk calculation Method	VaR model	Reference Portfolio	VaR limit	Lowest utilisation of VaR	Highest utilisation of VaR	Average & utilisation of VaR limit	Average level of leverage (UCITS commitment method) reached during the year in % of the net assets
LFIS Vision UCITS - Diversified Market Neutral	Absolute VaR	Historical 1 day 99% confidence leverage	NA	-4.47%	7.10%	19.20%	12.00%	6.4
LFIS Vision UCITS - Quant Global Allocation			NA	-4.47%	7.20%	17.30%	14.20%	1.3
LFIS Vision UCITS - Credit			NA	-4.47%	18.00%	31.20%	25.90%	8.3

Sub-Funds classification and sustainable finance disclosures/sustainability risks

As of May 31, 2026, the investments underlying the following Sub-Funds do not take into account the EU criteria for environmentally sustainable economic activities in the meaning of article 6 of SFDR:

- LFIS Vision UCITS - Credit

As of May 31, 2026, the following Sub-Funds promote environmental and/or social characteristics in the meaning of article 8 of SFDR:

- LFIS Vision UCITS - Diversified Market Neutral (*)
- LFIS Vision UCITS - Quant Global Allocation (*)

LFIS Vision UCITS - Quant Global Allocation (the "Sub-Fund") aims at sustainable investment in the meaning of Article 8 of the Regulation (EU) 2019/2088 on sustainability disclosure in the financial services sector (the "Disclosure Regulation"). As such, the Sub-Fund seeks to incorporate environmental, social and governance (ESG) considerations through the application of ESG filters as described in the Prospectus:

- to its exposures implemented in respect of the equity markets, with a target of covering at least 25% of the total Fund equity exposures.
- to its investments implemented for liquidity management purposes, with a target of covering at least 25% of those investments. LFIS' methodology is

based on external ESG data provider and follows a three-step process:

- Business activities-based screen: exclusion of companies breaching specific revenue thresholds due to involvement (directly or through their corporate ownership) in certain activities (including controversial weapons, thermal coal and tobacco);
- Controversy-based screen: exclusion of companies with disqualifying scores based on international norms and principles of sustainable development goals, such as the United Nations Global Compact; and
- ESG rating-based screen: Exclusion of companies which ESG scores are below a defined minimum level. During the exercise, the Sub- Fund has applied this approach in a consistent manner.

LFIS Vision UCITS - Diversified Market Neutral (the "Sub-Fund") aims at sustainable investment in the meaning of Article 8 of the Regulation (EU) 2019/2088 on sustainability disclosure in the financial services sector (the "Disclosure Regulation"). As such, the Sub-Fund seeks to incorporate environmental, social and governance (ESG) considerations through the application of ESG filters as described in the Prospectus:

- Business activities – based screen: resulting in the exclusion of companies breaching specific revenue thresholds due to their involvement (directly or through their corporate ownership) in certain industrial sectors (such as tobacco, marijuana, gambling, thermal coal, oil sands, arctic oil and gas exploration) or their non-compliance with certain principal adverse impacts indicators;
- Controversy-based screen: resulting in the exclusion of (i) companies whose activities involve the manufacture, use or possession of controversial weapons (such as anti-personnel landmines, cluster munitions, depleted uranium, white phosphorus); (ii) companies in violation of international social, labour or human rights standards and conventions, such as the UN Global Compact and the OECD Guidelines for Multinational Enterprises; (iii) companies whose countries are subject to international sanctions (Office of Foreign Assets Control, EU or Financial Action Task Force); and
- ESG score – based screen: resulting in the exclusion of companies with high carbon emissions measured by carbon intensity (Scope 1 and 2)."

As of May 31, 2026, no Sub-Funds have specific sustainable investment objectives in the meaning of article 9 of SFDR.

(*) However, certain individual Sub-Fund listed above apply investment filters ("exclusions") seeking to restrict investments linked to certain industrial sectors including controversial weapons, tobacco and thermal coal.

Did this financial product have a sustainable investment objective? *[tick and fill in as relevant, the percentage figure represents sustainable investments]*

Yes

It made **sustainable investments with an environmental objective:** ____%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It made **sustainable investments with a social objective:** ____%

No

It **promoted Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of ____% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promoted E/S characteristics, but **did not make any sustainable investments**

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The Sub-Fund has promoted certain environmental and social characteristics through its investment policy involving the use of an environmental, social and governance (“ESG”) methodology, based on the use of filters to its exposures in equity markets.

The Sub-Fund has promoted :

- Minimum environmental standards, excluding commercial activities deemed harmful to the environment or the society;

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

- Environmental protection, protection and promotion of human rights, labor rights and consumer interests, promotion of anti-corruption and tax compliance, and responsible business practices in line with the principles of the United Nations Global Compact and the OECD Global Compact for Business;
- Evaluation of issuer's environmental characteristics, including but not limited to physical risks related to climate change and human capital management.

No breaches of environmental and/or social criteria were identified during the reference period.

● ***How did the sustainability indicators perform?***

The Sub-Fund has incorporated ESG considerations to its exposures implemented in respect of the equity markets, through the application of a proprietary ESG methodology, in respect of exposures to single and/or baskets of equity stocks, as described below.

The proprietary ESG methodology is designed by the Investment Manager and follows a three- steps screening methodology based on ESG dataset including scores and qualitative assessment provided by external data providers and applied to the eligible equity exposure universe:

Business activities - based screen: resulting in the exclusion of companies due to their involvement (directly or through their corporate ownership) in certain industrial sectors (such as tobacco, marijuana, gambling, thermal coal, oil sands, arctic oil and gas exploration) or their non-compliance with the below principal adverse impacts indicators (see below);

- Controversy-based screen: resulting in the exclusion of (i) companies whose activities involve the manufacture, use or possession of controversial weapons (such as anti-personnel landmines, cluster munitions, depleted uranium, white phosphorus); (ii) companies in violation of international social, labour or human rights standards and conventions, such as the UN Global Compact principles and the OECD Guidelines for Multinational Enterprises; (iii) companies whose countries are subject to international sanctions (Office of Foreign Asset Control (« OFAC »), EU or Financial Actions Task Force (« FATS »)) ;and

- ESG score - based screen : resulting in the exclusion of companies with high carbon emissions measured by carbon intensity (Scope 1 and 2) has improved the Scope 1 and 2 emissions score by 10% compared with the investment universe.

No breaches of environmental and/or social criteria were identified during the reference period.

...● ***and compared to previous periods?***

During the previous period of reference, the Sub-Fund has promoted certain environmental and social characteristics through its investment policy involving the use of an environmental, social and governance ("ESG") methodology, based on the use of filters to its exposures in equity markets:

- Minimum environmental standards, excluding commercial activities deemed harmful to the environment or the society;
- Environmental protection, protection and promotion of human rights, labor rights and consumer interests, promotion of anti-corruption and tax compliance, and responsible business practices in line with the principles of the United Nations Global Compact and the OECD Global Compact for Business;
- Evaluation of issuer's environmental characteristics, including but not limited to physical risks related to climate change and human capital management.

● ***What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?***

The Sub-Fund did not commit to make sustainable investments.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?

Not applicable, the Sub-fund did not take into account any indicator for adverse impact on sustainability factors.

How were the indicators for adverse impacts on sustainability factors taken into account?

Not applicable.

Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:

Not applicable.

How did this financial product consider principal adverse impacts on sustainability factors?

The Sub-fund has considered in its exclusion policy the following principal adverse impacts on sustainability factors :

- Carbon intensity (scope 1 & 2) of investee companies;
- Violation of UN Global Compact principles and OECD Guidelines for Multinational Enterprises ;

Exposure to controversial weapons (including depleted uranium and white phosphorus).

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is from June 1st 2025 to May 31st 2026.

What were the top investments of this financial product?

On the period of reference, the top investments of the Sub-Fund are :

Largest investments	sector	% Asset	Country

What was the proportion of sustainability-related investments?

The Sub-Fund has invested 33% of its portfolio in investments aligned with E/S characteristics.

● What was the asset allocation?

● In which economic sectors were the investments made?

The Sub-Fund invested in all economic sectors except notably Controversial Weapons, Thermal Coal and Tobacco.

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies.
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

The Sub-Fund sustainable investments with an environmental objective were not aligned with the EU Taxonomy.

Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?

☐ Yes:

☐ In fossil gas ☐ In nuclear energy

☒ No

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

Not applicable : the Sub-Fund was not invested in fossil gas and / or nuclear energy aligned with EU Taxonomy.

● **What was the share of investments made in transitional and enabling activities?**

The Sub-Fund made no investment in transitional and enabling activities during the reference period.

● **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable : the Sub-Fund made no investment aligned with the EU Taxonomy during the previous reference periods.

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

Not applicable : the Sub-Fund did not take into account EU Taxonomy alignment for sustainable investments with environmental objective.

What was the share of socially sustainable investments?

Not applicable : the Sub-Fund made no investment with socially sustainable objective.

What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?

#2 Other includes the remaining investments of the Sub-Fund which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

The Sub-Fund is invested other assets according to the investment objective and without minimum environmental or social safeguards except the exclusion of some sectorial activities (including notably controversial weapons, thermal coal, oil sand, arctic oil and gas exploration, and gambling, marijuana and tobacco).

Are sustainable investments with an environmental objective that do not take into account the criteria for environmentally sustainable economic activities under Regulation (EU) 2020/852.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?
